

Triumph Center Outpatient Psychological Assessment Services

The Triumph Center offers the following assessment services. Below are general descriptions of what each type of assessment includes. Because assessment batteries are determined based on individual needs and referral questions, assessment type and specific measures included will be on a case by case basis.

Standard Psychological Assessment: \$1500

Record review, parent/child interview, cognitive/intellectual assessment (e.g., WISC, WAIS), 1-2 rating scales (e.g., BASC, BRIEF, SSIS), 1 hour testing feedback session

Comprehensive Psychological Assessment: \$2500

Standard evaluation + additional rating scales and any of the following, as needed: select neuropsychological measures/subtests, select developmental measures, select projective/personality measures

Standard Achievement Assessment: \$500 (only available as an add-on to a Standard or Comprehensive Evaluation)

All WIAT reading, mathematics, written expression, and oral language composites (additional achievement measures may be included at an additional cost)

Meeting Attendance or Additional Consultation/Feedback Sessions: \$150/hour

Please note, virtual meetings will be charged by the hour, and in-person meetings will require a two hour minimum.
